A CUTE COTTAGE IN A MAGIC SETTING!

The setting for the cottage at Chapple Rd Cambroon is magic with mature trees, established grounds, meticulously-maintained lawns and the unmistakable sound of Bellbirds. There are a number of places to sit in the garden to enjoy the serenity. It's perfect! It is set among larger properties, affording the cottage total privacy.

You enter the 11/2 acre (6,500m2) property via a long bamboo-lined driveway, with a cute cottage at the rear of the block. The front covered entertaining area takes in a view of the landscaped grounds. Inside, there is an open plan living room that includes the kitchen. It's simple in layout & fitment, immaculate in maintenance & presentation. The floors are a concrete slab with cork tiles in a kitchen that has a freestanding electric stove. There is gas heating to warm the cottage in winter and a study nook that takes in the view (a great place to work).

There are 2 bedrooms, with freestanding wardrobes, and one bathroom. Another sitting area, at the rear of the cottage, adds to the outside relaxation choices. Infrastructure includes retainer walls and good tank water storage. Solar power back to the grid is a bonus. Outbuildings include a double garage and a container-shed, complete with a single carport.
