RURAL LIFESTYLE AT A HIGHER LEVEL

From the entry, the driveway takes you through the park-like grounds to a home set on the rise. The sealed driveway takes the property to a higher level, while the mature landscaping around the home features some of the artist/owner's unique works. The main house is a low-set brick & tile house with a covered entertaining area at the front. It overlooks parkland with the picturesque dam as the centrepiece.

Inside, the casual living space, with tiled floors, adjoins a kitchen with electric cooking and good storage that includes a pantry. The loungeroom has both air-conditioning & slow combustion heating. While this room, currently used as a display gallery by the artist/owner, will be restored to its former use before handover, the home security system & speakers will remain. There are 3 bedrooms, the main with a walk-through robe & en-suite, the other 2 with built-in robes. The bathroom has a separate toilet and the laundry has been upgraded to include plenty of bench space & storage.

While all of the buildings are grouped together, the "granny-flat" is separated by both vegetation and a change of levels, providing privacy to both the house and granny flat. This building is totally self-contained including a modern kitchen with gas cooking and an air-conditioned open-plan living area. There is one bedroom and a combined bathroom/laundry. The covered deck overlooks the dam and there is a shaded parking bay for 1 vehicle.

Outbuildings include 1 double & 1 single garage plus a double carport ... plenty of room for vehicle parking, workshop & storage. The 13 acre (5.24 ha) block has a hill with a view, a well-treed gully as well as the park-like grounds and the dam.
