ENTERTAINING OUTSIDE!

Are you looking for the perfect outdoor entertaining home? Then look no further, this property is ideal for that and will tick all the boxes.

Located in the village of Dagon, this home sits proudly on a 4,300m² block looking out amongst the trees. You can access the home from either side with mirror covered entertaining areas and timber entry staircases.

The formal entrance is from the front veranda with insulated pergola and timber railing, a pretty space, perfect for your morning coffee or a quiet place in the sun to read a book.

Once inside, the open planned lounge room has big windows, air conditioning and a separate slow combustion fireplace. The timber look vinyl floor coverings run throughout the living, dining and kitchen areas and give the home a modern feel.

The kitchen is open planned and separated from the dining room by a breakfast bar. There is a dishwasher, ample cupboard storage plus an open style pantry, and enough space for an enormous fridge. This combined area has great light with large window and sliding doors to the rear covered veranda.

This second entertaining area is a duplication of the front deck with insulated pergola, timber railing plus incredible views down the paddock to the creek and beyond.

There are four bedrooms, all with ceiling fans and built in robes, and the master has access to the rear veranda. The bathroom has a separate toilet, and the home has been freshly painted both inside and out.
